Dear Joanne

**Happy Birthday!**

John and the children wanted you to experience something just a little bit different for your birthday this year. They think they have found just the thing, and have asked us to help make it happen.

So, please contact us at Real Retreat to arrange a convenient date and time for us to treat you to:

**Hot Stone Fusion Full Body Massage**

Using a fusion of Eastern and Western massage techniques, combined with the blissful application of gently heated stones, this full body massage will cocoon you in comforting warmth. Using deep, slow strokes and a seasonal blend of essential oils, this massage will literally melt away aches and tension. This truly is a treatment experience to remember.

We are looking forward to spending time with you, and helping you to celebrate your birthday in style.

Best regards

**All at
